**TOTAL STUDENT/CADET CREDITS: 26** All credits are transferable, nation-wide, as leadership electives per each regionally accredited institution's local policies. It is strongly suggested that programs limit their students to no more than **16** credits, or four credits per school year. Local instructors evaluate which courses / credits best fit local curricula and district needs. Students must be 16 years of age on the day of registration, and can register for past efforts/achievements completed, in any manner approved by their local instructors.

2. Administrative documents are located at: [www.LeadershipCredit.net](http://www.LeadershipCredit.net). Click on **High School Program**.

3. Please note these important facts: JROTC Cadets must register individually on-line at [http://www.leadershipcredit.net/rh\\_step1.php](http://www.leadershipcredit.net/rh_step1.php). Registration periods are anytime, but semester oriented (three times a year): Fall, Spring, and Summer. Registration takes less than ten minutes and is completed the same day for all students who pay ASC with a credit card. Expanded instructions are available at the website in paragraph two. The current tuition rate is \$60 per credit (\$120.00 per 2-credit course). Local instructors provide the sole ASC -Instructor of Record, Dr. Raymond Striler, via scanned email: [drstriler@aol.com](mailto:drstriler@aol.com), a instructor signed student roster listing student's name, course and grade. Individuals and organizations with questions should contact their RTG & Associates, Inc. POC via this link: <http://www.leadershipcredit.net/contact.php>.

4. This opportunity allows those who desire it, to get a head start on their college credits, and validates our belief that JROTC is a "world-class" academic leadership program worthy of higher education accreditation. Currently leadership elective credits offered on [www.jrotccollegecredit.com](http://www.jrotccollegecredit.com) remain available at a higher tuition rate, than this program with Adams State College. Eventually, ASC could become the sole source of academic credits. Please pass this release on to all of your programs as allowed. Agency modifications authorized, to comply with local policies and restrictions appropriate to internal agency requirements.
